Recent research conducted with Littles who have reached adulthood reveals the impact of their relationship with their Big:

- > **90%** said it helped them make better choices throughout childhood
- > **86%** said it helped them make better choices throughout their adult life
- > **77%** reported doing better in school

Big Brothers Big Sisters mentoring also have a positive financial impact in local communities and beyond:

- > For every **\$1** invested in Big Brothers Big Sisters, communities see a **\$3.28** benefit through reduced crime.
- > When just **1** in **100** children is matched with a Big and is put on the right path – in school and out of incarceration – donors break even.
